

SATURDAYS IN ROXYLY IN 70s AND 80s

STYLE WITH AUTHENTIC DRESSES AND MUSIC FROM VINYL RECORDS

Roxly Club in Ljubljana launched a very special new project for all party lovers, called DISCO NIGHTS. It is a revival of the popular disco nights from the 70's and 80's which will take place every Saturday night.

All those who have missed this kind of fun in the capital will now get the opportunity to enjoy it on next Saturdays.

Original clothes and fashion accessories are favored and all those who will be dressed in 70's and 80's style will participate at the prize competition, the prize being a travel for two to Corfu Island (departure on 10.8.2010), which will undoubtedly please the winner. The award is donated by the tourist agency Collgeium.

The entire personnel of the Roxly Club will make sure to create an authentic atmosphere with their original image as well as by serving authentic cocktails of that time period such as Panty Remover, Kool And The Gang, Sex Over The Phone, Disco Fever etc.

Music will be of course the most interesting part of the disco nights. With his ORIGINAL vinyl records, DJ Stardust will take you back to the golden times and create a nostalgic party. As already said, the entire personnel will be dressed in the style of that age.

The project is a result of the cooperation of ROXYLY and the party organizers FINO SE 'MAM. Especially and only for that purpose, Roxly changed its rock logo, they say, and created a special slogan: "Carnival never ends for us".

"We have always been offering very good rock nights in Ljubljana and organized several concerts and promotions. People often expressed a wish to experience something else, for example, revival disco nights, and I've found the idea great. The more so because our own DJ Stardust knows the disco music of the 70's and 80's very well and owns a collection of over 4,000 vinyl records. The first such event has already taken place and it has been extremely

successful, motivating us to continue with the project", the program head Viki Mušič said.

The entrance is free until 23PM. Afterwards, you'll have to pay an entrance fee of 3 EUR.

Welcome!
